Geneva, 13 March 2017

ATTESTATION

To whom it may concern:

This is to certify that CBS Network at Guillermo Mensi N 52-290, Quito, Ecuador is an established and valued partner of the International Trade Centre's (ITC) Modular Learning System for Supply Chain Management (MLS-SCM[®]) training and certification programme. CBS Network became a partner institution on 23.12.2013 and is licensed until 28 February 2020 to deliver the complete MLS-SCM[®] training and certification programme in Spanish and English.

The MLS-SCM[®] programme which obtained the ISO 9001:2008 Quality Management System certification in January 2012 consists of 20 modules covering key aspects of supply chain management, including logistics, procurement and inventory management. A training pack specifically for small and medium enterprises (SMEs) has recently been added.

The ISO 9001:2008 Quality Management System certificate provides a seal of confidence and evidence to customers, partners and donors that MLS-SCM[®] is managed in a professional and efficient manner and is capable of delivering a product that conforms to requirements.

ITC is proud to partner with CBS Network in development of the critical Supply Chain Management skills enterprises require for achieving and maintaining international competitiveness.
